PARO

ceiling

EN Rectangular luminaire housing in die-cast aluminium; ultra low-profile design (only 15 mm); no visible screws; surface powder coated; suitable for ceiling mounting; convenient quick mounting system without tools; luminaire housing set away from ceiling; electronic operating unit installed in the surface mounted housing; two separate, square light insets made of plastic; fitted with single LED light points; good glare reduction due to recessed light point plane; despite this increased efficiency through special lens technology; inserted lenses with wide flood radiation characteristic; or high quality reflector with micro-faceted, aluminum-vaporised surface; precise radiation characteristic with symmetrical light distribution; either with direct or direct / indirect light distribution; indirect light component for additional accentuation of the ceiling, switchable via DIP switch; optionally with sensor

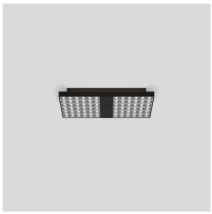

DE Rechteckiger Leuchtenkörper aus Aluminiumdruckguss; extrem flache Bauform (nur 15 mm); keine sichtbaren Schrauben; Oberfläche pulverbeschichtet; geeignet für Deckenmontage; komfortables, werkzeugloses Schnellmontagesystem; Leuchtenkörper von der Decke abgesetzt; elektronisches Betriebsgerät im Anbaugehäuse verbaut; zwei getrennte, quadratische Lichteinsätze aus Kunststoff; bestückt mit LED Einzellichtpunkten; gute Entblendung durch zurückversetzte Lichtpunktebene; trotzdem erhöhte Effizienz durch spezielle Linsentechnik; eingesetzte Linsen mit wide flood Abstrahlcharakteristik; oder hochwertiger Reflektor mit mikrofacettierter, aluminiumbedampfter Oberfläche; präzise Abstrahlcharakteristik mit symmetrischer Lichtverteilung; wahlweise mit direkter bzw. direkt / indirekter Abstrahlcharakteristik; indirekte Lichtkomponente für zusätzliche Akzentuierung der Decke mittels DIP-Switch zuschaltbar; wahlweise mit Sensor

up to 170 lm/W (high efficiency)
