Project / Type

Notes

Count / Date

Acoustic element made of high quality, self-supporting PET felt with sound absorbing properties, consisting of at least 50 % post-consumer recycled PET; round design; high quality visual and tactile surface, acoustic special colours; colour may deviate; direct sound is absorbed by the front-mounted fleece, sound reflected from the ceiling/wall by an additional, rear-mounted fleece; this creates high acoustic performance; pendant fitting with 1500mm cable suspension; toolless suspension height adjustment of the acoustic element;
