recessed

EN Square or rectangular lay-in luminaire made of sheet steel; optionally for modular ceilings 600 x 600 or 625 x 625 with visible grid system; surface powder coated; optionally two or three linear light insets made of plastic; fitted with single LED light points; good glare reduction due to recessed light point plane; despite this increased efficiency through special lens technology; inserted lenses with wide flood radiation characteristic; or high quality reflector with micro-faceted, aluminum-vaporised surface; or with specially computed wide beam lenses; precise radiation characteristic with symmetrical light distribution; exchangeable light insets; incl. converter, suitable for through-wiring; plug and play connection cables between light insets and converter with plug/socket system; energy-efficient LEDs with very good colour rendering

DE Quadratische bzw. rechteckige Einlege-Leuchte aus Stahlblech; wahlweise für Moduledecken 600 x 600 bzw. 625 x 625 mit sichtbarem Trägersystem; Oberfläche pulverbeschichtet; wahlweise zwei bzw. drei Linear-Lichteinsätze aus Kunststoff; bestückt mit LED Einzellichtpunkten; gute Entblendung durch zurückversetzte Lichtpunktebene; trotzdem erhöhte Effizienz durch spezielle Linsentechnik; eingesetzte Linsen mit wide flood Abstrahlcharakteristik; oder hochwertiger Reflektor mit mikrofaccettierter, aluminiumbedampfter Oberfläche; oder mit speziell berechneten wide beam Linsen; präzise Abstrahlcharakteristik mit symmetrischer Lichtverteilung; Lichteinsätze austauschbar; inkl. Konverter, für Weiterverdrahtung geeignet; vorkonfektionierte Verbindungsleitungen zwischen Lichteinsätzen und Konverter mit Stecker/Buchse-System; energieeffiziente LEDs mit sehr guter Farbwiedergabe
