

SQUADRO 2 x 2 lamps wallwasher adjustable reflector from $+15^\circ$ to -10°

Instructions for the lighting configuration of a SQUADRO 2 x 2 lamps wallwasher

- 1 Use the provided photometric file from the website
Attention: you only get the photometric file of one reflector (**one side**) ☐
- 2 Copy the reflector and mirror horizontally (see **blue frames**)
and set the reflector position from $+15^\circ$ to -10° left and right
